Summary

I'm a musician turned front-end developer in search of a company that will take me to the next level of my coding journey.

Work Experience

Döhler

Inventory Control Specialist

📅 Aug 2021 - Present

- Develop a web with React to assist the counting teams in counting materials by weight
- Overhauling spreadsheet used to count, track, and maintain stock by implementing several algorithms and populating an Excel database
- Problem solve any discrepancies between SAP's current stock level and the amount physically counted
- Assist in integrating new technologies into the warehouse, and contributing ideas for improving technologies

Woodstock Furniture Outlet

Inventory Control

📅 Oct 2013 - Aug 2021

- Assist in deploying an instant messenger application on employees scan guns, and performing admin duties on the app
- Maintain inventory in both our sales POS system and our warehouse's inventory management system
- Utilize our various inventory management systems to track movement of a product in order to identify theft

Education

Kennesaw State University

July 2013

BA, Music
